

**REGENERATIVE
MEDIA TV™**

REGEN-MEDIA TV NETWORK

“Dedicated to regenerative solution based education partnered with experiential learning and opportunities”

Immediate Release of Launch of Content

We are pleased with the Sept 24th, 2023 1-5pm PT launch of RMTV (Regenerative Media TV) This was a live broadcast called “**Build Back Green**’ The broadcast was an educational program about regenerative and sustainable solutions for the redesign and rebuild for victims of the recent Maui fire. It will also be a fund raiser for 3 non profits on the island. These being Green2Gold, Indigenous Bridges and others. The Network launch will officially be January 1st, 2024 with 24 hours a day of streaming content, live events & video on demand.

Vision

A global collaborative partnership based on television and online media platform for content that empowers individuals with regenerative knowledge and skills. This content will be connected to real world opportunities to learn, apply and create positive change. There will also be several tiers of content: Free shorts, documentaries, live broadcasts, ongoing series, curriculums, services and products. The curriculum based content will also be tied into obtaining certification and credentials along with direct access to projects, consultants and contractors. We will be connecting entrepreneurs, inventors, non-profits and volunteers.

Mission

An internationally crafted independent media hub focused on the various categories of regenerative culture. Topics will be TEK/Traditional Ecological Knowledge, Arts & Culture, Environment, Renewable Energy, Health & Wellness, Agriculture (food & water security) Green Economics, Spirituality, Peace & Justice, and Collaborative Governance. This effort will supporting the Transition to the inclusive global Green Economy.

This media hub will aggregate content from around the world and will be available for an international audience. There will be dozens of content contributors and licensing partnerships. We will also have an alliance of production people to create specific content for subject matter that is timely and pertinent.
